

Date _____

Dear Sir/Madam

RE: USDA requirements for importation of samples of animal origin.

This letter serves to confirm the samples contained within are of canine (dog) blood origin only- no other animal products (i.e. Livestock or Poultry) re contained herein. No agricultural / pathogenic substances re within / have contaminated the samples. The canines involved in these samples have not been vaccinated or exposed to any pathogen of agricultural significance. The samples are for scientific research purposes only.

I declare that the above information is true and correct to the best of my knowledge.

Signed (Veterinary surgeon):
